General description

- Folded toilet tissue paper dispensers, to be wall-mounted, designed and manufactured by Mediclinics.
- Robust, compact and anti-vandalism design.
- Suitable for dispensing standard 11x18cm wipes (11x9cm folded).
- Capacity: 400 sheets.
- Stainless steel screws and plastic plugs both for brick walls included.

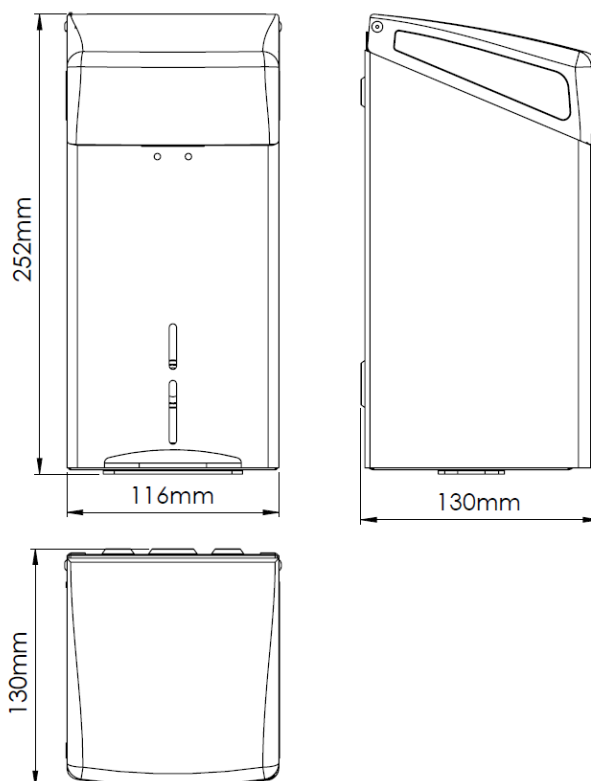

Components and materials

- DTH100:** Steel, white epoxy finish.
- DTH100B:** Steel, matte black epoxy finish.
- DTH100C:** AISI 304 stainless steel, bright finish.
- DTH100CS:** AISI 304 stainless steel, bright finish.
- BODY:** one-piece body, made of steel (DTH100 or DTH100B) or AISI 304 stainless steel (DTH100C or DTH100CS). It has a content level front viewer.
- LID:** one-piece lid, made of steel (DTH100 or DTH100B) or AISI 304 stainless steel (DTH100C or DTH100CS) fixed to the body by means of two rivets that allow swinging up the lid for the replenishment.
- LOCK:** spring that opens with supplied security key.
